July 20, 2026

Dear Historic Altamont,

The Long Path North Hiking Club completely supports the adoption and implementation of the *Altamont Tails Master Plan*. This carefully formulated plan creates the framework to develop links of trails, parks and other public areas within the town and Village of Altamont.

If followed, it will preserve open space and expand outdoor recreational opportunities and improve the quality-of-life for all town residents.

The first major step completed is the extension of the Long Path from Thacher State Park to the center of the Altamont village. Hopefully, this will be the catalyst to continue advancement of the Master Plan.

Thanks to LaBella Associates, Historic Altamont, Inc., community members and numerous other organizations who have the vision to establish Altamont as a "Trail Town".

Sincerely,

Mark Traver
